→ **Reliable quality guarantee**

Hilcona Foodservice delivers 100% reliable quality at all times – so that you can serve your guests 100% quality 365 days a year.

→ **Process optimisation**

We think with your kitchen processes in mind and develop solutions that optimise these processes. This gives you cost certainty.

→ **Product and concept solutions**

Our diverse range offers you pasta, vegetarian options and fresh food, including recipes and tried-and-tested concepts.

→ **Clean Label**

✓ No flavour enhancers
✓ No additives
✓ No preservatives
✓ 100 % durum wheat and fresh egg
✓ Only non-hydrogenated fats are used during production
✓ No yeast extracts
✓ No artificial flavours
✓ No palm oil

→ **Certified food safety**

All Hilcona plants are certified according to the food safety standard IFS Food. We work with certified suppliers and have, for example, over 300 of our own contract farmers.

All products are monitored under the strict HACCP system. This ensures that perfect quality is produced.

→ **Over 100,000 checks per year**

Every year, we carry out over 25,000 checks of raw materials and over 75,000 inspections of finished products through a wide variety of processes.

In our sensory, visual, preparative and microbiological assessments, our products are regularly tested in an extensive and successful manner. A confirmation of our quality.

For your safety. For your guests. For your success.

→ **Sustainability**

Hilcona sets a good example: we pay attention to the environment and handle resources with care.
